League Report — Episode 5

"Not Here to Get a Pedicure"

Aired Wednesday, October 21, 2026 · For All Captains · The League Is Life

The Episode in Brief — A Double Tribal Council Night

Episode 5 brought a double Tribal Council, and both beaches delivered. Toka won the only immunity of the night, Savu held its alliance together under pressure, and Dina produced a deadlock for the history books.

Toka Takes the Only Immunity

Toka won the only immunity, with Mike Pinsky landing the winning basket toss to keep his tribe safe for the night.

Savu — The Helicopter Alliance Holds

At Savu, the Helicopter Alliance of Devin, Jelly, and Ori held together and voted out Alexis Levine 3–1, in what Jeff Probst called a truly brutal Tribal Council.

Dina — A Historic Deadlock

At Dina, Maggie Nestor crossed tribes and gifted both of her extra votes to outnumbered former tribemates Danny "Kilby" Kilby and Lewis Kelly. Together they forced a historic 4–4 deadlock — twice — and, with Kilby refusing to budge on rocks, flipped the elimination onto Linnea Capobianco.

Move of the Week: Maggie Nestor crossing tribes to gift both of her extra votes to Danny "Kilby" Kilby and Lewis Kelly — the play that turned an outnumbered pair into a deadlock and changed who went home at Dina.

Scores and highlights for every team follow on the next page, along with the full current standings. Episode 5 awarded 47 points in total. The Presidential rulings on O-005 and O-006 are ruled and applied — see League Announcements.
