"I Love Crying" — Savu Falls Again, And The Alliance Turns Inward

Episode: 6 **Aired:** Wednesday, October 28, 2026 **Next:** Episode 7 — The Merge

Episode Recap: Savu Loses A Third Straight Immunity

Savu lost its third straight immunity challenge, finishing behind Toka in first place and Dina in second. With nowhere left to hide, the Helicopter Alliance had to eat its own — and Ori Jean-Charles paid the price.

At Tribal Council, Ori Jean-Charles was voted out 2–0 after his Shot in the Dark came back **NOT SAFE**. Jelly Loblack revealed her idol but did not play it, keeping her protection in hand for another day.

The Summit sent Sharonda Cox, Kristin Flickinger, and Ori Jean-Charles out together. Kristin Flickinger volunteered for Exile so Sharonda and Ori could return to camp with food, and she received the new **Tethered Idol**: only Kristin can play it, and only for Sharonda or Ori, until Final 5. With Ori now out, Sharonda is the last tether — if Sharonda is voted out while Kristin still holds it, the idol converts to a regular idol Kristin can play for herself.

Immunity Result

1st — Toka • 2nd — Dina • Savu lost for the third straight time and went to Tribal Council.

Tribal Council Result

Ori Jean-Charles voted out 2–0. Shot in the Dark: NOT SAFE. Jelly Loblack revealed her idol but did not play it.

Thirteen castaways become one tribe. Every castaway who makes the merge earns **+5 points for their current captain** — paid to whoever holds them at the merge — and the merge re-draft follows, reshaping every squad for the run to the end.

Carter Krull's idol, Jelly Loblack's idol, Devin Way's extra vote, and Kristin Flickinger's Tethered Idol (for Sharonda Cox only; converts to Kristin's own if Sharonda is voted out) all walk into the merge. Drop your buffs — the individual game starts now.

All scores are the verified Episode 6 figures. Raise any discrepancy through the appeals process.
